AN EYE OPENER

A look at our new fall stock of Suits and Top Coats will convince even the most skeptical that it's not necessary now-a-days to pay for a custom tailor from \$35 to \$50 for a suit in order to be well dressed. It can be done here at a saving of \$15 or \$20 a Suit.

Next Time You Buy Clothes Think Farther

Than the price, and the way they look when you try them on. Question is--how will they look in two or three months?

If they're Hart Schaffner & Marx clothes you can come pretty near telling how they'll look then; all-wool and good tailoring keep shape and cotton-mixed stuff doesn't.

MORE SUIT TALK

How would you like a Suit custom-tailored to your individual order? Time was when custom-made garments were luxuries to be indulged in only by the rich, but under modern business methods, they cost no more than the hand-me-down. We have hundreds of fabrics, handsome and fine as the mills of Europe and America can weave, from which to select. We will make you a suit with a style, fit, finish and individuality that is impossible in a ready-made, and this we guarantee.
